Life--so they say
Is but a game and they let it slip
away.
Love--like the Autumn sun
Should be dying, but it's only just
begun.

Like the twilight in the road up ahead
They just don't see where we're goin'
And all the secrets in the universe
Whisper in our ears and all the years
will come and go
And take us up, always up.
We may never pass this way again.

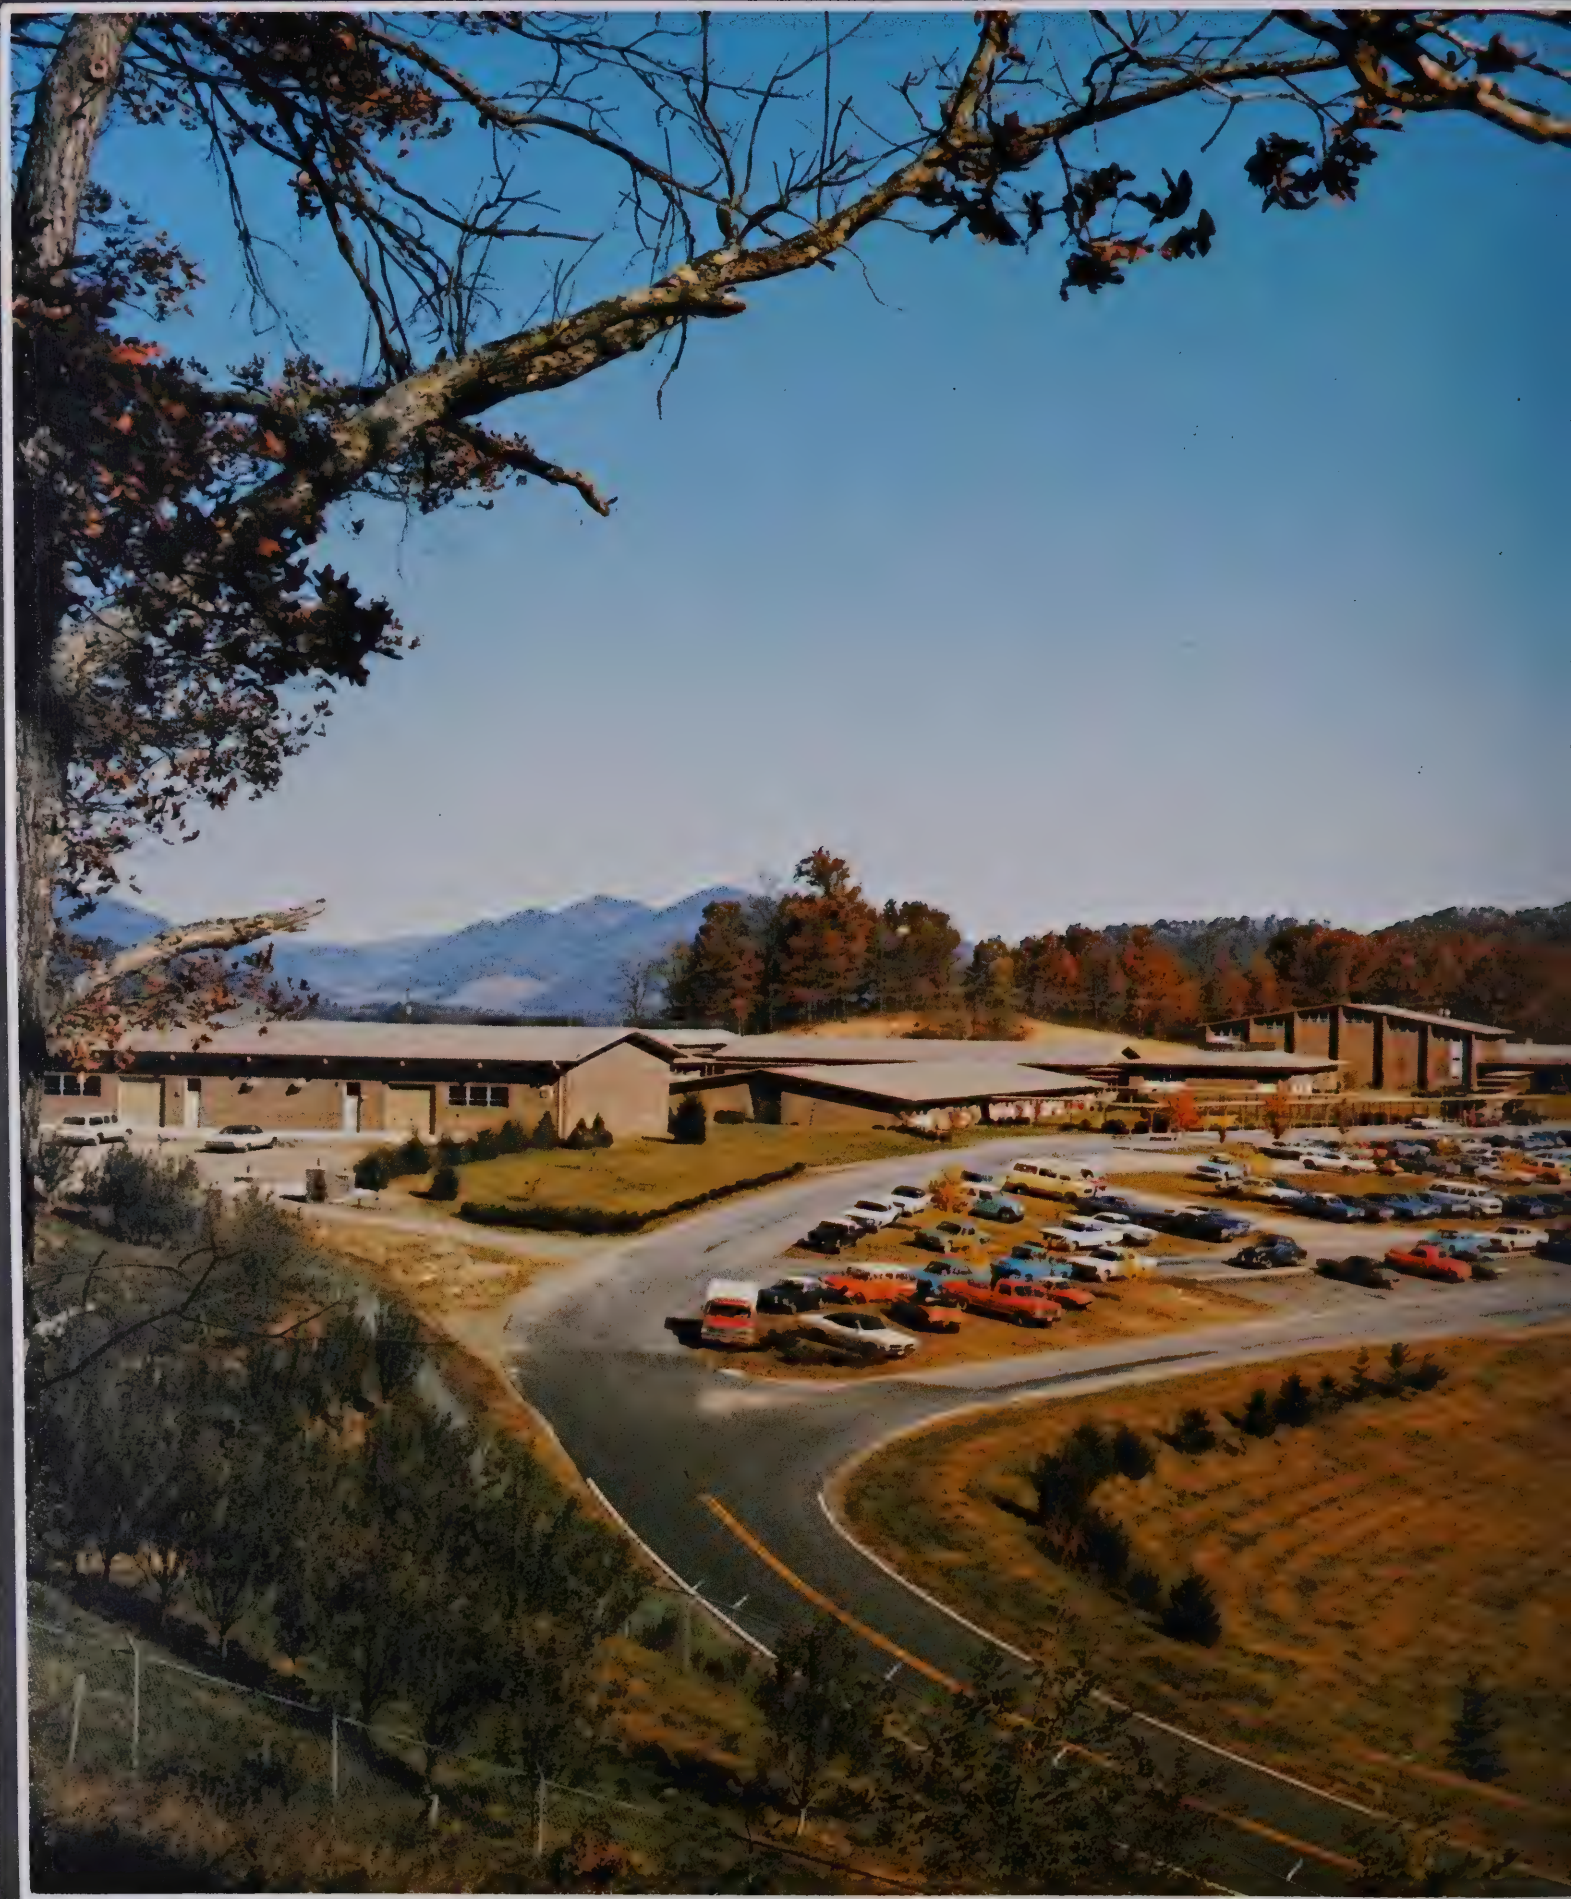

Dreams, so they say
Are for the fools
and they let them drift away.
Peace, like the silent dove
Should be flyin',
but it's only just begun.

We may never pass this way again.

So I wanna laugh while the laughin'
is easy.
I wanna cry if it makes it worth-
while.
I may never pass this way again.
That's why I want it with you
Cause you make me feel like I'm
more than a friend.

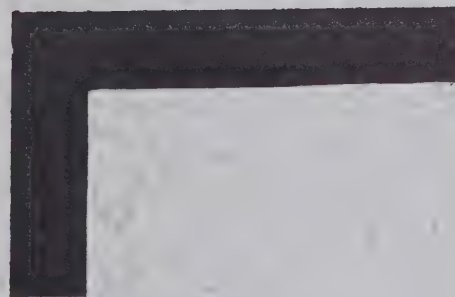

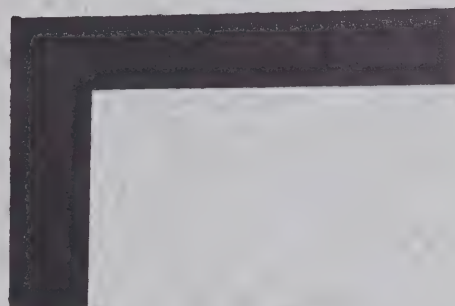

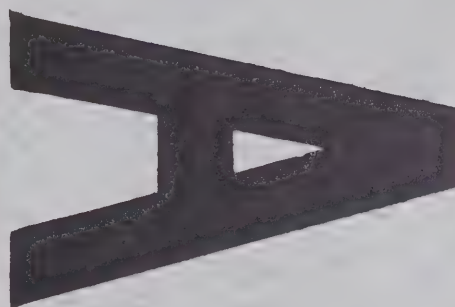

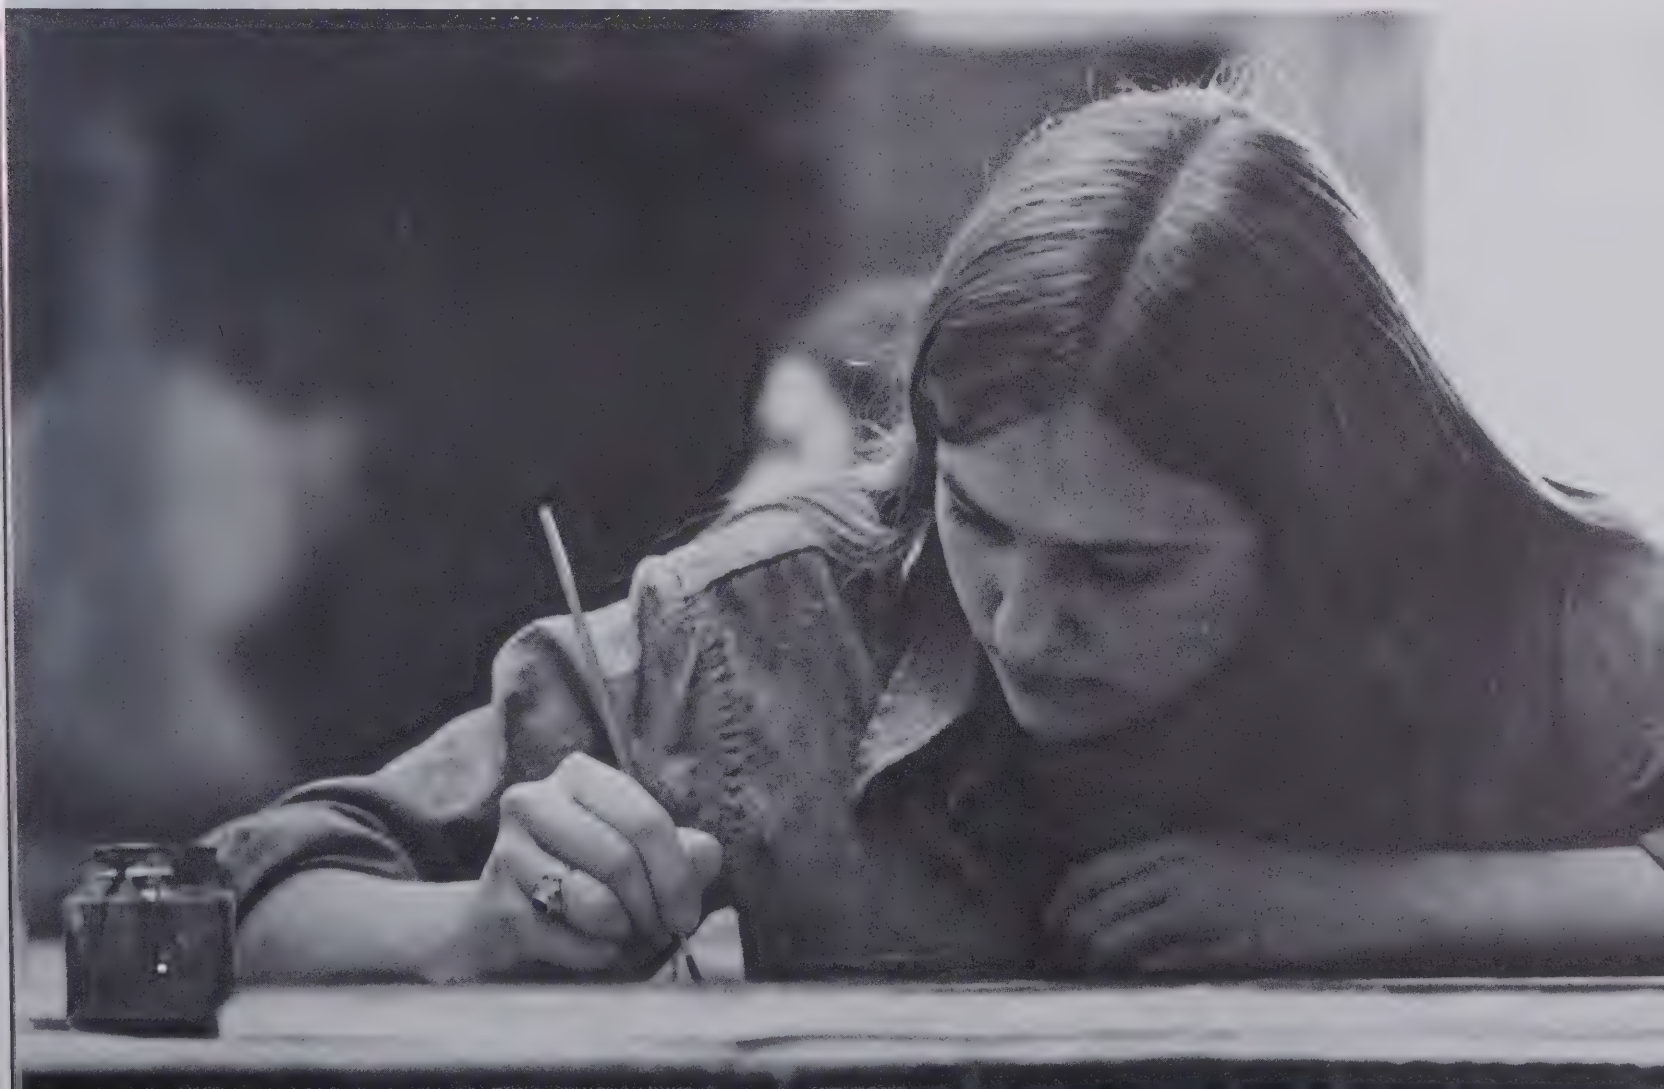

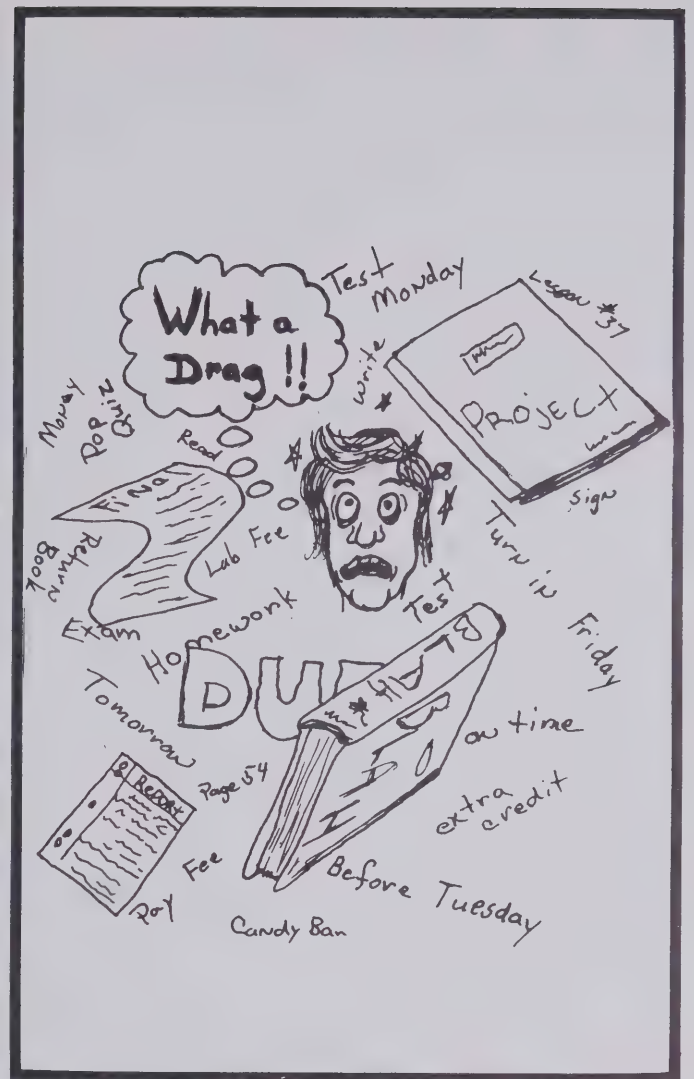

Autumn Daze

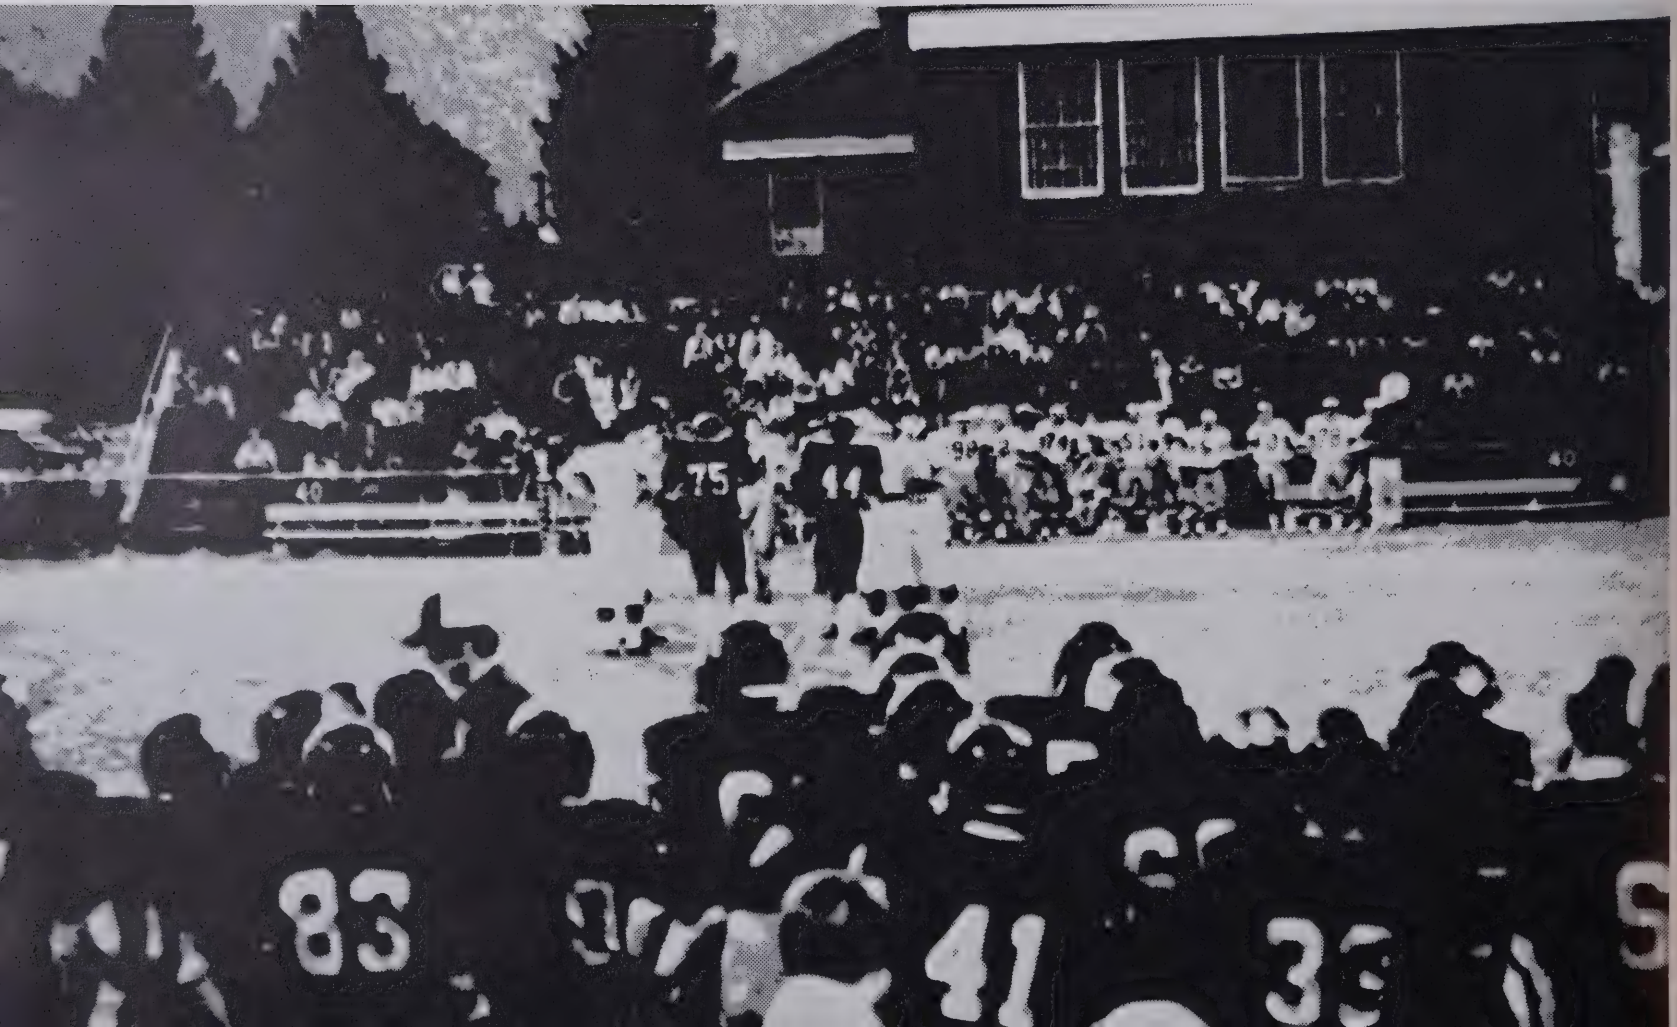

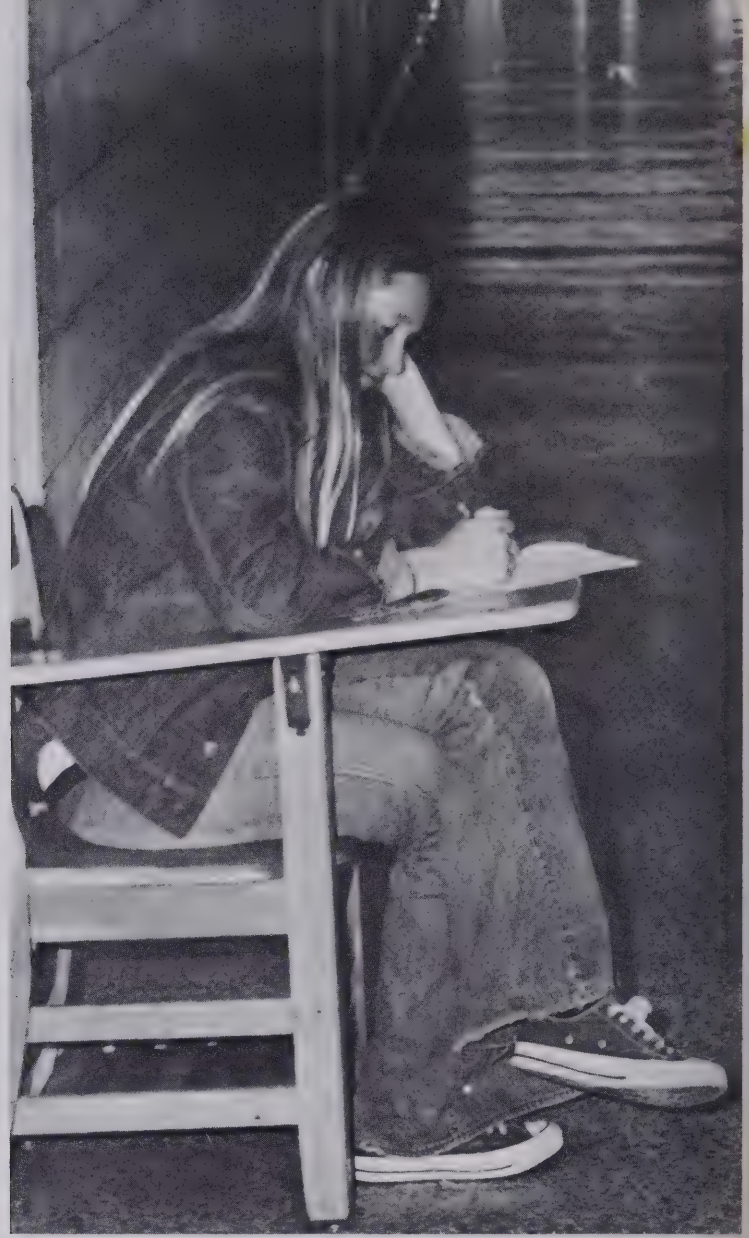

The leaves fall gently,
Echoing sounds of endless change.
The summer fades away
Silently, to rearrange
The moods and spirits
Of the peaceful autumn days.
Cooling the warm August breeze
With a yellow and brown haze
Anxiously I sit, waiting
Hoping, praying with a sober glee
'Till the books are closed
And the clock strikes three
I race down the halls
And through the door
Screaming with gladness that
School is no more.
Until tomorrow.

Winters' Wish

The barren trees echo
The silent sound of winter.
Silhouettes of the frozen earth
Fall quietly upon gray skies.
Long, lonely nights
Are spent by the blazing fireside.
In the morning when darkness
Slowly climbs into slumber
And the day calmly wakes,
A sleepy head rises, peeping
To see an earth of snow
Below a sky of gray.
Bare feet race to the radio
"There will be no school in
Haywood County today."

Spring

Brightly the sun reflects the
Warm memories of spring.
You know we were seniors then -
The long, last smiles we cast
Hoping to secure the friends that
We knew we would never see.
The friends--those who had
Brought us from childhood dreams
To a cold reality.
Ah! The lovely spring.

The cold dreary winter
Slept its way only to wake
Finding the cold bitter snow
Melted into green, Blossoming
flowers.
Will we be nostalgic in years to
come?
The prom, how beautiful; Yes, the
senator
Used to be my best friend.
Now all we face is
Graduation, initiation, requisition,
intuition
Ah! The lovely spring.

All the memories seem to be
Cast upon the tossing sea.
Good-byes are so hard to say.
Silently we stand dressed in
Black caps and gowns.
As illusions race through our mind,
Of twelve years past.
Good-bye.

The group is arranged in several rows, with some individuals holding certificates or awards. The airplane is a multi-engine propeller plane, likely a C-47 or similar model, and is parked on a tarmac. The background shows a clear sky and some distant structures.

Holly Boyd was elected as the new Western Regional Vice-President. The Tuscola Square Dance Team and band helped with her skit.

During American Education Week the SAE presented each faculty and administration member with a bright red apple, generously donated by Mr. Pink Francis.

Throughout the year the FTA has participated in several programs helping the fight against hunger, diseases, and ignorance among the underprivileged in the world.

Beginning the new year, Debbie Carswell and Sherri Nave participated in a school tutoring program.

In March of 1974 three SAE members; Mildred Hyatt, Patti Fouts, and Holly Boyd, accompanied by the SAE advisors, Mrs. Mary Elizabeth George and Mrs. Lorene Annas, the 1973-74 chair person of the Advisory Committee to the NC High School FTA, attended the Annual State Convention at Meredith College. The Honorable James E. Holshouser Jr. was the guest speaker. Unfortunately---because of the gasoline shortage many members throughout the state were unable to attend.

At the end of the 1973-74 school year, the SAE will award a Scholarship of one hundred dollars to a senior member.

On January 29 the FTA held their annual Sadi Hawkins Dance. This was the girls chance to ask "the fella of their chosin'." The second annual Junior Mess pageant was held February 6. There were several talented, beautiful young ladies that were deserving of the crown, but the judges preferred "Boom Boom Bowen."

THE HIGH SHERIFF

Every individual is a unique creation of God with potential powers which are discovered through self-evaluation. However, potential power is only the raw material from which a meaningful life is built. Each person must kindle this potential with determination, direction, knowledge, and hard work in order to realize the finished product.

Some of the 1974 graduates will have the stamina, courage, and self-discipline necessary to achieve a full realization of their powers and talents. They will find their "place in the sun" and give meaning to their own lives as well as the lives of others. The 1974 graduating class will also have those who will fall along the wayside.

Each underclassman must subject himself to constant reevaluation in order to determine the direction his life will take. He must uncover his hidden talents and powers and begin immediately to give them the proper direction so that this life will have meaning for himself, his fellowmen, and his God.

Charles M. Starnes

TRICKY DICK HIMSELF

The 1973-74 year has been a rewarding year for all of us here at Tuscola. The biggest change we have had has been in our curriculum. The use of classes which should better suit the student's personal needs and desires.

Tuscola's students have been quite successful in many areas this year. Much success has been achieved in athletics, band, chorus, science, ROTC, drama and other areas. This success is an indication of the good degree of participation and desire by many of our students and teachers. Our desire is that these successes will continue with an even greater degree of participation from our students and teachers.

Tuscolo 73

Handwritten musical score for 'Tuscolo 73'. The score is written on ten staves, with the first staff in treble clef and the remaining staves in various clefs (alto, bass, and tenor). The notation includes notes, rests, and various musical symbols such as accidentals (sharps, flats, naturals), slurs, and dynamic markings (e.g., f , p , c , f , p). The score is divided into measures by vertical bar lines. The notation is dense and includes many accidentals and slurs, suggesting a complex piece of music. The handwriting is in black ink on a white background.

For twelve long years we have shared a part of our lives with each other. The laughter, the tears, the good times and the bad. All of these have combined to make us each unique, yet close enough to be one.

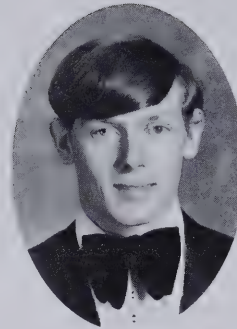

As we close this chapter of our lives, we will look toward the future with memories of Tuscola forever in our hearts.

Therefore we, the Annual Staff, proudly dedicate the 1973-74 MOUNTAINEER to our Brothers and Sisters —

TEACHER OF THE YEAR ...
MR. ROBERT LaCLAIRE

When we are young
We dream dreams of tomorrow

As we grow older
We dream of today -

And when we are grown
We look toward the future
For all of our dreams
Are dreams of yesterday -

We would like to express our sincere thanks to Mrs. Yates, the Annual Staff, the faculty, and the students for their cooperation in making the 1973-74 annual possible.

As we close this book of memories, our only hope is that we have captured some of the moments which you the students of Tuscola will remember forever.
